

Participation and Payment:

● Registration and Payment

Following the receipt of the registration, we will send you the confirmation and invoice by email. Payment should be made by the date indicated on the invoice. The registration can only be processed once full payment is received. As the workshop may be fully booked before the registration deadline of October 16, 2021, "first come, first pay and first served" policy applies.

● Feature Your Institution:

Online Seminar Presentation Opportunity

We organizer will provide a general video meeting platform for university's separate 30-minute online presentation sessions to highlight your institution and PhD programs. Time slots are very limited, so early reservations are essential.

For rates and details,
please refer to the Registration & Contract.

Participation Guidelines:

1. Only regionally accredited academic institutions could be represented at the workshop.
2. Institutions may be represented by authorized delegates such as faculty professors, advisors, lecturers or in-house recruiters. Delegates should be qualified to introduce the PhD programs, curriculums, scholarship and all relevant admissions policies etc. to the students.
3. No third party recruiters are accepted. The PhD Workshop exclusively promotes direct delegate-to-candidate communication.

Gather to Meet Virtually under the Cloud

Get Engaged Online with More Talents Who are Still Eager to Pursue PhD Programs!

We are back different in 2021!

Luckily, in November 2019, PhD Workshop China was held smoothly and more than 2000 PhD candidates sat down with the overseas delegates and professors in Beijing and Shanghai. However, due to the pandemics late December 2019 and full year in 2020, we skipped the event in 2020 unpredictably.

With new technology development of online/video meeting platform, we are now back in 2021, to meet with all the delegates virtually, and reach out to the top Chinese postgraduates and PhD candidates by online platforms. Furthermore, International High-end Talents Cultivation Symposium will be held online concurrently. All the registered delegates could attend the symposium free of charge.

Track the Brightest ...

The PhD Workshop is a unique event with more than 12 years experience. It is specially focused on PhD student recruitment and continues to attract more than 3000 students registered every year. Annually, more than 80% of the students are from "Double First Class" universities, Chinese Academy of Sciences, and Chinese Academy of Social Sciences etc., which are the top-notch universities and research institutes in China.

Come and join us to discover the brightest talents and potential academic leaders in right place.

The iSchedule Works!

The iSchedule system is exclusively developed for the PhD Workshop China. It is set to work for the overseas professors and delegates to make interactive communications with the candidates, to help delegates not only preview registered students' details including CV and research proposal etc., but also ensure you to track and schedule the right candidates for the face-to-face meetings and interviews online.

Peer's Review...

During the PhD Workshop 2019, the Delegates Evaluation showed that more than 90% of delegates interviewed 10 to 100 candidates, around 53% of delegates recruited 1 to 20 candidates, and some 15% succeeded in recruiting 20 to 100 candidates from previous PhD Workshop.
